

## **MATTEL GLOBAL SCHOLARSHIP PROGRAM**

### **2010-2011 APPLICATION**

#### Program Description

---

### The Program

The Mattel Children's Foundation is proud to sponsor a scholarship program designed to assist and encourage children of Mattel employees worldwide to pursue higher education. Scholarships are offered for full-time study at a college, university or vocational school, in any country of the student's choice.

Mattel Children's Foundation scholarships recognize and support the scholastic potential of students who desire an advanced education. The Foundation believes that education is an important tool in realizing individual achievements and enhancing society.

This scholarship is administered by the Institute of International Education (IIE), a not-for-profit organization that specializes in scholarship program administration worldwide.

### Eligibility

Selection is merit based. Dependent children of regular full-time and part-time employees who have a minimum of six months employment with the company as of the application deadline date are eligible to apply for scholarship assistance. Children of employees who hold a title of vice president or higher are not eligible to apply for these awards. Students who are currently enrolled in post-secondary programs or will be enrolled before April 30, 2011 are eligible to apply. Official proof of admission to a recognized educational institution is required before scholarship funds become available. All fields of study are acceptable under these scholarships if offered at recognized universities or vocational schools.

### Duration of Scholarships

Scholarships are guaranteed for one year only. Students may reapply to the program each year provided that they meet eligibility requirements.

### Amount of Awards

Awards are \$2,000 and for undergraduate study only. The award may be used to pay for tuition, fees, books, supplies, room and board, or other related educational expenses. Scholarship recipients are responsible for the balance of funding, including tuition and fees, books and supplies, living expenses, transportation, etc.

## Payment of Awards

Scholarship funds will be disbursed by IIE in one installment payable in U.S. dollars directly to each scholarship grantee. The conditions and payment schedule will be specified in a Letter of Award prepared by IIE and sent to the grantee.

## Submission of Applications

The applications must be completed in English, Chinese, Portuguese or Spanish and sent to arrive by registered mail or by courier no later than April 30, 2010 to: Mattel Global Scholarship Program, Institute of International Education, 530 Bush Street, Suite 1000, San Francisco, California 94108 U.S.A. Application can also be completed online by visiting the website: [www.iiesf.org/mattel](http://www.iiesf.org/mattel). Applications must be accompanied by all required and personal documentation available at the date of application. IIE will acknowledge receipt of all applications. The appropriate Human Resources representative will be asked to certify that the applicant is the dependent child of an employee of Mattel, Inc.

## Selection of Scholarship Recipients

IIE will select successful scholarship recipients on the basis of information contained in applications and accompanying documentation. IIE may select scholarship recipients without final evidence of acceptance by an educational institution, although no award can take effect until such evidence is presented. A scholarship recipient who is not able, within a reasonable period of time, to produce such evidence satisfactorily to IIE may be passed over in favor of an alternate candidate. In no instance will personnel of Mattel, Inc., Mattel Children's Foundation or any subsidiary participate in the selection process.

The number of awards granted is based on the number of applications received and the funds available for scholarship distribution.

## Notification of Selection Results

All applicants will be notified of selection results by August 15, 2010.
